

WTC COMMANDER SENDS

9/11 PATRIOT DAY

Warrior Transition Command Team:

Please join CSM Brady and I on this observance of Patriot Day and National Day of Service as we pay tribute to the men and women who lost their lives on this day 14 years ago.

As we observe 14 years since that infamous attack, we realize that as members of the WTC and Army family that this date will be forever engrained in our souls and in our hearts.

America showed its tremendous fortitude as well as its resiliency following September 11, 2001. The very next day thousands reported for duty at the Pentagon. Countless more enlisted in the U.S. Army, many of them later tasting battle.

Just as we salute the endurance of our nation so too must we honor the fortitude and resiliency of our Soldiers who have answered the call, as well as their supportive families. Let us also acknowledge the many members of the U.S. Army family who have stepped-in, bringing care and comfort to our nation's wounded, ill and injured.

Great Soldiers, Families, Caregivers and Civilians know all too well the price of freedom. The past 14 years have tested their strength and resolve but certainly never broken it. To be sure, this is testament to their lasting commitment, professionalism, and patriotism.

Soldiers Success through Focused Commitment
